COMNAVCRUITCOMNOTE 1131
N511
20 Jul 2010

COMNAVCRUITCOM NOTICE 1131

From: Commander, Navy Recruiting Command

Subj: FY10 ACTIVE AND RESERVE COMPONENT OFFICER CONTRACT AND
ACCESSION GOALS

Encl: (1) FY10 Active Component (AC) Officer Goals
(2) FY10 Reserve Component (RC) Officer Goals

1. Purpose. Publish revised FY10 Active and Reserve Component Officer Contract goals, Accession goals and diversity benchmarks for each Navy Recruiting Region (NAVCRUITREG). This notice also annotates monthly recruiting gates for Active Component (AC) and Reserve Component (RC) general and medical officer production tracking.

2. Cancellation. COMNAVCRUITCOMNOTE 1131 of 16 Apr 2010.

3. Action. NAVCRUITREG Commanders will distribute FY10 AC Officer contract and accession goals, recruiting gates, diversity benchmarks, and FY10 RC Officer accession goals and recruiting gates to their respective Navy Recruiting Districts. NAVCRUITREG Commanders will notify Mr. Rudy Sladyk, NAVCRUITCOM N511 (rudolph.sladyk@navy.mil) and Mr. Tim Young, NAVCRUITCOM N31C, (timothy.young1@navy.mil) of their goals (via email) no later than ten working days after promulgation of this change.

20 Jul 2010

FY10 Active Component Officer Goals

Ref: (a) CNO ltr 1000 Ser N13/058 of 18 Jun 10
(b) CNO ltr 1000 Ser N13/043 of 10 May 10
(c) CNO ltr 1000 Ser N13/034 of 2 Apr 10

Exhibit: (1) FY10 Officer Contract and Accession Goals
(2) FY10 Active Component Officer Gates for AC General Officer and AC Medical
(3) FY10 MC and DC HPSP Application Goals
(4) FY10 Diversity Application Benchmarks
(5) FY10 Medical Direct and Student Procurement Requirements
(6) FY10 OCS Class Quotas and Dates
(7) FY10 ODS Class Quotas and Dates

1. Purpose. Publish revised FY10 Active Component (AC) officer nuclear contract goals, OCS accession goals, ODS accession goals and diversity application benchmarks for each NAVCRUITREG. Establish monthly gates for AC and RC General and Medical officer production tracking.

2. Information

a. References (a), (b), and (c) promulgate updated FY10 Officer recruiting goals to Navy Recruiting Command (NAVCRUITCOM).

b. Exhibit (1) provides the NAVCRUITREG with AC nuclear officer contract, OCS accession, Field Select BDCP, and ODS accession goals based on market demographics, officer recruiter manning, and historical officer production.

c. Exhibit (2) establishes monthly recruiting production gates for AC General and Medical officers. These gates reflect NAVCRUITCOM's monthly production of attainments and selects from FY08 and FY09. For FY10, these gates will be used to monitor the monthly progress of each NAVCRUITREG and NAVCRUITDIST to determine if NAVCRUITCOM is on track to meet mission requirements.

d. Exhibit (3) provides the NAVCRUITREG application gates and contract goals for Medical and Dental Corps Health Professions Scholarship Program (HPSP) Medical Corps (HSCP).

e. Exhibit (4) provides NAVCRUITREG officer ORD-PRO application benchmarks for: African American, Hispanic, Asian

Enclosure (1)

Pacific Islander, and Native American; and Nuclear Diversity officer applications ordered to the professional review board (ORD-PRO Applications). Recommended diversity application benchmarks for the NAVCRUITDISTs based on the diversity demographics for the relevant college population are also provided. NAVCRUITDISTs must be proactive in the diversity markets. FY10 Diversity application benchmarks will be revised quarterly based on fiscal year-to-date production and Navy diversity targets. As a benchmark, the gender, racial, and ethnic representation of the officer communities should be reflective of the relevant student/workforce population. The Navy's continued focus and emphasis on diversity ensures the policy of racial, ethnic, and gender inclusion from all segments of our society. This policy does not correspond to a limit on applications for any group, minority or majority.

f. Exhibit (5) defines the FY10 Direct and Student procurement requirements for AC Medical programs. Paragraphs (4) through (12) specifically define new contract attainment criteria.

g. Exhibits (6) and (7) show the FY10 Class Quotas and Dates for OCS and ODS respectively.

h. NAVCRUITDISTs will ensure the monthly Personnel Status Report (PSR) accurately reflects both enlisted and officer manning as PSR is used extensively in goaling analysis.

i. FY10 Officer Production statistics will be published monthly by N5, showing the NAVCRUITREG and NAVCRUITDIST progress toward officer goals.

3. Action. NAVCRUITREG Commanders will distribute the FY10 AC officer goals to their respective NAVCRUITDISTs and notify Mr. Rudy Sladyk (N511, rudolph.sladyk@navy.mil) and Mr. Tim Young (N31C, timothy.young1@navy.mil) of their goals by email or fax to (901) 874-9327 no later than ten working days after promulgation of this notice. Points of contact for the Active Officer Accession Plan are as follows: Chaplain Accession Programs - CAPT Meehan (901-874-9216); Officer Development School (ODS) and Medical Accession Programs - CDR Eggert (901-874-9242, DSN 882-9242); Officer Candidate School (OCS)- CDR Ramirez (901-874-9427, DSN 882-9427); Reserve Unrestricted Line Accession Programs - LCDR Alloway (901-874-9432); Nuclear Field, Submarine and NROTC Programs - CDR Pittman (901-874-9280), DSN 882-9280); National OPO - CAPT Paul Weckman (901-874-9226).

4. FY10 Active Component Officer Attainment Criteria

a. OCS Non-Nuclear Accessions. Attainment credit for accessions is awarded at time of reporting to OCS as recorded in WEB OTools (Final Action code of "S" with appropriate Final Action Date).

(1) In-year OCS accessions are those accessions reporting to OCS between 20 July 2009 and 11 July 2010.

(2) Out-year OCS accessions are those accessions reporting to OCS after 11 July 2010.

(3) NAVCRUITDISTs shall receive in-year accession credit for those prior fiscal year enlisted OCS BDCP or CEC Collegiate who ship on or before 11 July 2010.

(4) NAVCRUITDISTs shall receive out-year accession credit for those prior fiscal year enlisted OCS BDCP or CEC Collegiate who ship after 11 July 2010.

(5) Field Select Baccalaureate Degree Completion Program (FSBDCP). NAVCRUITDIST Commanding Officers are authorized to field select up to the specified number FSBDCP applicants as promulgated by Exhibit (1) and distributed by NAVCRUITREG Commanders. NAVCRUITDIST Commanding Officers must be proactive in the diversity markets and ensure this program is utilized in the relevant student and workforce populations.

(6) Because BDCP can have a maximum of 300 participants at any one time, Districts are to report weekly to NAVCRUITCOM N315 (Carrie.Dean@navy.mil) any and all FSBDCP selects.

b. Nuclear Contracts. Contract credit is awarded at time of enlistment as recorded in WEB OTools (Final Action code of L, M, S or T). Those enlisted or converted during FY10, who subsequently decline or are discharged during FY10, will be debited. Any contract that converts will count only once during FY10, and will be credited towards their final designator. Only the following non-new contract conversions will be credited:

(1) In-year Nuclear contracts are those FY10 contracts reporting to either an OCS class between 20 July 2009 and 11 July 2010; or reporting to an ODS class between 18 October 2009 and 12 September 2010.

(2) Out-year Nuclear contracts are those FY10 contracts reporting to either an OCS class after 11 July 2010, or to an ODS class after 12 September 2010.

(3) College First applicants. Credit will be awarded for an Officer new contract (any program) derived from College First applicants and will be attrited from the respective DEP program.

c. ACDU Direct Appointment (DA) or Recall Contracts. FY10 new contracts that attrite for any reason during FY10 will be debited. Contract credit will be awarded when the following events are completely and correctly recorded in OTools:

(1) Accessed into Active Duty.

(2) Commissioning and report in a commissioned status to any FY10 ODS Class (October 2009 - September 2010). NAVCRUITCOM N3/National OPO can award credit for Direct Appointments after last class in September on a case by case basis.

(3) Commissioning and acceptance of orders to an out-year class.

(4) Execution of FY10 active duty orders (commence authorized travel no later than 30 September 2010 on FY2010 accounting data directly to Non-ODS training or to active duty station).

(5) Not previously contracted, except where noted above.

d. Financial Assistance Program (FAP)(21053, 22053) Contracts. Credit will be awarded upon commissioning during FY10 upon correctly updating the WEB OTools record. Those failing to commission will be debited.

e. Student/Nurse Candidate Program (NCP)/HPSP/Health Scholarship Collegiate Program (HSCP) (29002, 1975x, 1995x, 21007, 22007, 23007) Contracts. Credit will be awarded upon enlistment or commissioning during FY10 (1 October 2009 to 30 September 2010) and requires correct updating of the WEB OTools record.

f. Student Conversions. Contract credit will be awarded for the following non-new contract conversions:

(1) Dental Student Conversions. All Dental contracts are subject to review and approval by NAVCRUITCOM (N3). Any Dental contract conversion not covered by the list below will be evaluated by NAVCRUITCOM and credit awarded where appropriate. Contract credit will normally be awarded for the following conversions once the WEB OTools record is completely and correctly updated:

(a) Dental Students (1925x) who contracted prior to FY10, and who subsequently convert to Direct Accession (DA) (22000), HSCP (22007), HPSP (1985x), or FAP (22053).

(b) Dental Students (1925x) who initially contract in FY10, and who subsequently convert to DA (22000), HSCP (22007), HPSP (1985x), or FAP (22053) will be credited only once towards their final designator.

(c) MC HPSP (1975x) to MC FAP (21053).

(d) HSCP (22007) or HPSP (1985x) to DC FAP (22053).

(e) Dental Students (1925x) to DC FAP (22053).

(2) Chaplain Student Conversions. Credit will be awarded for Chaplain Students (19450) superseding to Chaplain Corps (41002).

5. Recruiting Policy Regarding USN Active Duty, USN Reserve Duty, and Other Services

a. USN Active Duty (Fleet) New Contracts. NAVCRUITDISTs may receive contract credit for Fleet contracts in all non-OCS programs. Navy Recruiting's long-standing policy is that recruiters do not receive contract credit for assisting or recruiting active duty USN enlisted personnel for any officer program. Upon review of this policy, NAVCRUITCOM recognizes that applications for Medical Direct Appointments and Medical Student Programs are complex and that the applicant may require extensive assistance from officer recruiters. Therefore, NAVCRUITDISTs will receive credit for Fleet new contracts for non-OCS applications processed by the NAVCRUITDIST and approved by NAVCRUITCOM (N3). No contract credit will be awarded for other officer programs (i.e. OCS programs).

b. USN Reserve Duty (Reserve) Contracts. Contract credit will be awarded for those active component contracts recruited from the USN Reserve Duty component.

6. Application Criteria

a. Medical Corps HPSP (1975x) Applications. Credit awarded for applications that receive a Professional Board recommendation "Yes" from 1 October 2009 to 30 September 2010 as reflected completely and correctly in WEB OTools.

b. Dental Corps HPSP (1985x) Applications. Credit awarded for applications that receive a Professional Board recommendation "Yes" from 1 October 2009 to 30 September 2010 as reflected completely and correctly in WEB OTools.

c. Diversity Applications. Application credit awarded for diversity applications if either of the following occurs:

(1) Applicant submitted to the Professional Board (ORD-PRO) from 1 October 2009 to 30 September 2010 as reflected completely and correctly in WEB OTools.

(2) Applicant is "Selected" or "Accessed" from 1 October 2009 to 30 September 2010 as reflected correctly in WEB OTools (FINSEL Result "Select"; Final Action "L, M, S, T"). This accounts for the "carry-over effect" of applications from past fiscal year.

7. Excluding the situations covered in paragraphs 4-6, candidates who initiate officer program applications but execute active duty orders (ship) in an enlisted program prior to full and final resolution of their officer application will be considered fleet applicants. If accepted later into an officer program, they will only be credited toward a NAVCRUITDIST's enlisted accession goal. The same individual cannot be counted twice, and NAVCRUITCOM cannot debit the enlisted accession. Therefore, officer referrals from enlisted recruiters must be processed and forwarded expeditiously - well before scheduled ship dates. The appropriate NAVCRUITCOM N3 Program Manager must be advised in writing as part of the application if an applicant is in DEP (provide scheduled ship date). If an officer applicant enters the enlisted DEP after forwarding an application, this information (with scheduled ship date) should be sent in writing to the appropriate officer program manager at NAVCRUITCOM HQ.

8. NAVCRUITCOM (N3) will review any and all new contracts, and deny credit for any contract or application that is found to be irregular or inconsistent with NAVCRUITCOM policies.

Exhibit 1. FY10 Active Component Officer Goals Nation and NAVCRUITREGs						
	Nation		East		West	
	Contract Goal	Desired Appl	Contract Goal	Desired Appl	Contract Goal	Desired Appl
FY10 Contract Goals						
Nuclear In-Year^[1]	88	138	49	79	39	59
Nuclear Out-Year^[2]	157	236	88	132	69	104
Note. [1] Nuclear In-year defined as Applicant enlists or appoints in FY10 and ships to OCS/ODS to commission in FY10. [2] Nuclear Out-year defined as Applicant enlists or appoints in FY2010 and ships to OCS/ODS to commission in FY11 or later. Nuclear Designators: 11601, 11701, 12101, 12201						
FY10 Shipping Goals						
CEC In-Year^[3,4,7]	77	116	41	61	34	52
CEC Out-Year^[3,4]	23	35	13	20	10	15

2100	Ancillary	4	0	6		
MC Total		26	1	19	245	25

Directs and Recalls. Physicians in the following specialties will be considered to meet this goal.

- **Surgical** - General Surgery, Orthopedic Surgery, Urology
- **Primary Care** - Dermatology, Family Practice, Emergency Medicine, Psychiatry, Pulmonology
- **Ancillary** - Diagnostic Radiology, Anesthesiology, Preventive Medicine, Occupational Health

**** Medical Corps (2105) FAP.** Physician residents and fellows in the following specialties will be considered to meet this goal.

- Surgical - General Surgery, Orthopedic Surgery, Urology
- Primary Care - Dermatology, Family Practice, Emergency Medicine, Psychiatry, Pulmonology
- **Ancillary** - Diagnostic Radiology, Anesthesiology, Preventive Medicine, Occupational Health

***** MC HPSP and HSCP students** can be any mix of graduation year.

FY10 Reserve Component Officer Accession Goals

Ref: (a) CNO ltr 1000 Ser N13/058 of 18 Jun 10
(b) CNO ltr 1000 Ser N13/043 of 10 May 10
(c) CNO ltr 1000 Ser N13/034 of 2 Apr 10

Exhibit: (1) FY10 SELRES Officer Accession Plan
(2) FY10 Medical/Dental/Nurse Corps Subspecialty/AQD Breakout
(3) FY10 SELRES Goals by Region
(4) FY10 Reserve Component Officer Gates for RC General Officer and RC Medical
(5) FY10 SELRES DCO Diversity Targets

1. Purpose. Publish revised FY10 Reserve officer recruiting accession goals, DCO diversity application targets and newly established gates for RC general and medical officers.

2. Information

a. Per references (a),(b) and (c), Exhibits (1) and 2) reflect the FY10 SELRES Officer Accession Plan and designator-specific targets for Medical, Dental, and Nurse Corps officers. Exhibit (3) provides the FY10 SELRES Officer Accession goals for NAVCRUITREGs East and West; Exhibit (4) establishes monthly recruiting production gates for RC General and Medical officers. These gates reflect NAVCRUITCOM's monthly production of attainments and selects from FY08 and FY09. For FY10, these gates provide NAVCRUITCOM, each NAVCRUITREG and NAVCRUITDIST a mechanism to determine if production is tracking to meet mission requirements. Exhibit (5) shows FY10 SELRES DCO Diversity Targets for NAVCRUITREGs with recommended NAVCRUITDIST targets. The FY10 SELRES officer accession goal of 1,600 allows the Navy to achieve two primary objectives:

(1) Meet fit manning requirements.

(2) Over access in many GWOT, high-demand/low-density designators.

b. Attainment Criteria

(1) Navy Veteran attainment credit awarded when select letter is signed by prospective Program Director and associated information is correctly and completely entered in OTools. The recruiter has 90 days from the approval letter to upload drill verification or credit will be debited from the NAVCRUITDIST goal attainment.

(2) Navy Veteran (NAVET) accessions and Career Transition Office (CTO) (PERS9X). NAVET accessions from the Active Component with no break-in-service will be processed by CTO. Recruiter assistance may be provided on the front-end and will still be needed on the back-end; goals will be awarded in a manner similar to "touch and go." Recruiters who make initial contact, enter an OTools record, and turn the lead over to the CTO will receive a half point. Recruiters who assist the new affiliate at the gaining NOSC and who upload drill verification will receive a half point. If the same recruiter is involved on both ends, he/she will receive the full point once all required actions are complete. The CTO will process the affiliation package and upload the package into OTools once equipped to do so. As an interim measure, until CTO begins using OTools, the back-end recruiter will upload the affiliation package that the CTO provides to them in order to be fully credited with their appropriate goal credit. Supplementary information on CTO process developments and awarding of points will be released under separate correspondence.

(3) Direct Commission Officer attainment credit awarded when applicant is commissioned and the signed Oath, Service Agreement and Ready Reserve Agreement are completely entered in OTools. The recruiter is responsible for ensuring the DCO officer affiliates with the NOSC.

(4) Direct Commission Officer Diversity application credit is awarded for a Diversity application (Black, African American; Hispanic; Asian, Pacific Islander and Native American) submitted to the Professional Board for their review during the 1 October 2009 to 30 September 2010 period.

3. Action

a. This plan will be updated quarterly to incorporate changes in Total Force Manpower Management System (TFMMS) requirements and Selected Reserve Medical/Chaplain Officer inventory. Points of contact for the Reserve Officer Accession Plan are: Chaplain Accession Programs - CAPT Diana Meehan (901 874-9216); Medical Accession Programs - CDR Eggert (901 874-922, DSN 882-9242); CTO Coordinator and Reserve Unrestricted Line Accession Programs - LCDR Alloway (901 874-9432, DSN 882-9432); National OPO - CAPT Paul Weckman (901 874-9226).

b. Specific application gates are not presented in the following accession plan goals for DCO AND NAVET programs; however, NAVCRUITCOM has coordinated professional recommendation

targets with the Reserve DCO communities. The objective is to close out applicant-rich DCO programs early in the year to redirect recruiting resources to other challenging DCO and NAVET programs. Recruiters should attempt to front-load applicants in those communities to meet the following professional recommendation targets: 75% selection by 31 December 2009, 110% selection by 31 March 2010.

c. FY10 DCO and NAVET goals are "banded" to provide flexibility in filling total program goals; additionally, for several programs, an "Upper Band" is established that exceeds Total Goal. Where the Total Goal and Upper Band are the same, that program will be closed out once Total Goal is reached, and should then no longer be actively prospected. However, if a prospect for that program subsequently presents interest, NAVCRUITDISTs should advise the National OPO and appropriate program director before turning the applicant away. NAVCRUITCOM will query the prospective community manager to determine if there is a possibility of over-shipping in that program. Where the Upper Band exceeds the Total goal, over-shipping is automatically authorized (and desired). To the extent that it does not detract from other program goal attainment, NAVCRUITDISTs may continue prospecting for applicants in those programs after total goal is attained.

Exhibit 1. FY10 SELRES Officer Accession Plan
